Pynn BR (*see* Bartkiw et al). 1995;1:11-8

Reeder JM, King CA. Societal and ethical challenges have impact on perioperative trauma nursing. 1994;Preview:11-4

Rice M. Guest editorial. 1994;Preview:2-3 (Editorial)

Ruffolo DC. Trauma nursing in the bush country of Papua New Guinea. 1995;1:61 (Letter)

Sedlak SK. Hypothermia in trauma: the nurse's role in recognition, prevention, and management. 1995;1:19-26

Thimmesch M (*see* Mosiman et al). 1995;1:88

Trachtenberg J (*see* Bartkiw et al). 1995;1:99-107

Veltman RH, Jones SJ. Nursing care for patients with mild brain injury. 1995;1:82-4
Watts DD. How to determine institutional needs and requirements for a trauma registry. 1995;1:94-8
Williams BK. Does bias exist in pain relief? 1995;1:33 (Letter) Zaglaniczny KL. The expanding roles of nurse anesthetists in trauma. 1994;Preview: 15-9

## SUBJECT INDEX

**Abstracts**
The acutzely burned hand: management and outcome based on a ten-year experience with 1047 acute hand burns. 1995;1:85-6
American College of Surgeons Verification/Consultation Program: analysis of unsuccessful verification reviews. 1995;1:30
Antibiotic-induced diarrhea. 1995;1:116
The Army Nurse Corps and Operation Restore Hope. 1995;1:115
Battered women's experiences in the emergency department. 1995;1:29
Continuous midazolam/atracurium infusions for the management of increased intracranial pressure. 1995;1:116
Death in the operating room: an analysis of a multicenter experience. 1995;1:56-7
Epidural analgesia for effective pain control. 1995;1:29-30
Extent of disability following traumatic extremity amputation. 1995;1:30
Head trauma among children in Rekjavik. 1995;1:85
Implementation of a regional pediatric trauma center. 1995;1:87
Incidence of adverse drug effects and potential adverse drug effects. 1995;1:117
An introduction to disaster medicine in Europe. 1995;1:115
Pain in A&E: The patient's view. 1995;1:29
Passage from the homeland. 1995;1:56
Seat-belt compression appendicitis. 1995;1:85
Setting and living up to national standards for the care of the injured. 1995;1:56
The social isolation of young men with quadriplegia. 1995;1:86-7
Trends in death associated with traumatic brain injury, 1979 through 1992, success and failure. 1995;1:116-7

**Accident prevention**
Community bicycle helmet sales increase helmet use (Mosiman et al). 1995;1:88-9 (Trauma news today)
ENA/National Highway and Traffic Safety Administration/Subaru traffic safety project (Flaherty). 1995;1:89 (Trauma news today)
Hazards identified with climbing gyms and bunk beds. 1995;1:119 (Trauma news today)
Medical cooperation aids bag injury research (Huelke). 1995;1:89 (Trauma news today)
NHTSA promotes safety programs. 1995;1:119 (Trauma news today)
Playgrounds urged to remove hazardous animal swings. 1995;1:58 (Trauma news today)
Safety alerts. 1995;1:118-9 (Trauma news today)

**Accidents, traffic**
Detection of internal injuries in drivers protected by air bags. 1995;1:32 (Trauma news today)
ENA/National Highway and Traffic Safety Administration/Subaru traffic safety project (Flaherty). 1995;1:89 (Trauma news today)
Medical cooperation aids bag injury research (Huelke). 1995;1:89 (Trauma news today)
National campaign against drowsy driving. 1995;1:58-9 (Trauma news today)
NHTSA promotes safety programs. 1995;1:119 (Trauma news today)
Safety alerts. 1995;1:118-9 (Trauma news today)
Seat-belt compression appendicitis. 1995;1:85 (Abstract)
Side impact motor vehicular crashes: patterns of injury (Mikhail).1995;1:64-9

**Adult respiratory distress syndrome;** *see* **Respiratory distress syndrome, adult**

**Adverse drug reaction reporting systems**
Voluntary reporting of adverse events. 1995;1:32 (Trauma news today)

**Adverse drug reactions;** *see* **Adverse drug reaction reporting systems; Drugs**

**Air ambulances;** *see* **Ambulances**

**Ambulances**
Flight nursing: a key role in future trauma systems care (Cresenzo). 1994;Preview:4-6

**Amputation**
Extent of disability following traumatic extremity amputation. 1995;1:30 (Abstract)

**Analgesia, epidural**
Epidural analgesia for effective pain control. 1995;1:29-30 (Abstract)

**Anesthesia**
The expanding roles of nurse anesthetists in trauma (Zaglaniczny). 1994;Preview:15-9

**Anesthesia, general**
Case history: malignant hyperthermia in a trauma patient (Hilton). 1995;1:41-6

**Antibiotics**
Antibiotic-induced diarrhea. 1995;1:116 (Abstract)

**Antiinflammatory agents**
Case history: traumatic adult respiratory distress syndrome—a multisystem approach (Manifold). 1995;1:74-81

**Appendicitis**
Seat-belt compression appendicitis. 1995;1:85 (Abstract)

**Atracurium**
Continuous midazolam/atracurium infusions for the management of increased intracranial pressure. 1995;1:116 (Abstract)

**Australia**
British nurse shares Australian perspective (Greenwood). 1995;1:1 (Letter)

**Automobile accidents;** *see* **Accidents, traffic**

**Automobile driving**
Medical cooperation aids bag injury research (Huelke). 1995;1:89 (Trauma news today)
National campaign against drowsy driving. 1995;1:58-59 (Trauma news today)

**Ballistics, wound**
Wound ballistics: recognizing wound potential, part 1: characteristics of missiles and weapons (Dufresne). 1995;1:4-10
Wound ballistics: recognizing wound potential, part 2: gunshot wounds—tissue response and nursing care (Dufresne). 1995;1:37-40

**Beds**
Hazards identified with climbing gyms and bunk beds. 1995;1:119 (Trauma news today)

**Bicycling**
Community bicycle helmet sales increase helmet use (Mosiman et al). 1995;1:88-9 (Trauma news today)

**Brain injuries**
Nursing care for patients with mild brain injury (Veltman and Jones). 1995;1:82-4
Trends in death associated with traumatic brain injury, 1979 through 1992, success and failure. 1995;1:116-7 (Abstract)

**Burns**
The acutely burned hand: management and outcome based on a ten-year experience with 1047 acute hand burns. 1995;1:85-6 (Abstract)

**Child**
Community bicycle helmet sales increase helmet use (Mosiman et al). 1995;1:88-9 (Trauma news today)
Efforts to reduce strangulation hazards for children. 1995;1:31 (Trauma news today)
Hazards identified with climbing gyms and bunk beds. 1995;1:119 (Trauma news today)
Head trauma among children in Rekjavik. 1995;1:85 (Abstract)
Implementation of a regional pediatric trauma center. 1995;1:87 (Abstract)
Playgrounds urged to remove hazardous animal swings. 1995;1:58 (Trauma news today)
Safety alerts. 1995;1:118-9 (Trauma news today)

**Computers**
Computers present new frontiers for emergency care of trauma (Lee). 1994;Preview:7-10

**Death**
Death in the operating room: an analysis of a multicenter experience. 1995;1:56-7 (Abstract)

Trends in death associated with traumatic brain injury, 1979 through 1992, success and failure. 1995;1:116-7 (Abstract)

**Decubitus ulcer**

Practice guidelines developed to treat pressure sores. 1995;1:59-60 (Trauma news today)

**Delivery of health care**

Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5

**Diarrhea**

Antibiotic-induced diarrhea. 1995;1:116 (Abstract)

**Disabilities;** *see* **Handicapped**

**Disasters**

An introduction to disaster medicine in Europe. 1995;1:115 (Abstract)

**Driving;** *see* **Automobile driving**

**Drugs**

Antibiotic-induced diarrhea. 1995;1:116 (Abstract)

Case history: traumatic adult respiratory distress syndrome—a multisystem approach (Manifold). 1995;1:74-81

Continuous midazolam/atracurium infusions for the management of increased intracranial pressure. 1995;1:116 (Abstract)

Incidence of adverse drug effects and potential adverse drug effects. 1995;1:117 (Abstract)

**Editorials**

The emperor's new nurses (Halpern). 1995;1:91-3

Guest editorial (Rice). 1994;Preview:2-3

The nurses made the difference (Halpern). 1995;1:35-6

"Routine" trauma care (Halpern). 1994;Preview:1

Taking some of the terror out of terrorism (Halpern). 1995;1:62-3

When will it be enough? (Halpern). 1995;1:2-3

**Education, nursing**

ENA announces course in advanced trauma nursing: a conceptual approach. 1995;1:59 (Trauma news today)

ENA/National Highway and Traffic Safety Administration/Subaru traffic safety project (Flaherty). 1995;1:89 (Trauma news today)

Medical cooperation aids bag injury research (Huelke). 1995;1:89 (Trauma news today)

**Emergency medical services**

Changing technology and research shape critical care trauma nursing (Annas). 1994;Preview:20-2

Code T: how to avoid "by-pass" with multiple trauma admissions (Mattice). 1995;1:27-8

Computers present new frontiers for emergency care of trauma (Lee). 1994;Preview:7-10

Pain in A&E: the patient's view. 1995;1:29 (Abstract)

**Emigration and immigration**

Passage from the homeland. 1995;1:56 (Abstract)

**England**

British nurse shares Australian perspective (Greenwood). 1995;1:1 (Letter)

**Epidural analgesia;** *see* **Analgesia, epidural**

**Ethics, nursing**

Societal and ethical challenges have impact on perioperative trauma nursing (Reeder and King). 1994;Preview:11-4

**Europe**

British nurse shares Australian perspective (Greenwood). 1995;1:1 (Letter)

An introduction to disaster medicine in Europe. 1995;1:115 (Abstract)

**Extremities**

Extent of disability following traumatic extremity amputation. 1995;1:30 (Abstract)

**Fractures**

Diagnosis and management of nasal fractures (Bartkiw et al). 1995;1:11-8

**General anesthesia;** *see* **Anesthesia, general**

**Genitalia, male**

Male genital trauma: diagnosis and management (Bartkiw et al). 1995;1:99-107

**Gunshot wounds;** *see* **Wounds, gunshot**

**Handicapped**

Extent of disability following traumatic extremity amputation. 1995;1:30 (Abstract)

**Hand injuries**

The acutely burned hand: management and outcome based on a ten-year experience with 1047 acute hand burns. 1995;1:85-6 (Abstract)

**Head injuries**
Head trauma among children in Rekjavik. 1995;1:85 (Abstract)

**Head injuries;** *see also* **Brain injuries**

**Head protective devices**
Community bicycle helmet sales increase helmet use (Mosiman et al). 1995;1:88-9 (Trauma news today)

**Health care delivery;** *see* **Delivery of health care**

**Hemofiltration**
Case history: traumatic adult respiratory distress syndrome—a multisystem approach (Manifold). 1995;1:74-81

**Hypoperfusion;** *see* **Shock**

**Hypothermia**
Hypothermia in trauma: Tte nurse's role in recognition, prevention, and management (Sedlak). 1995;1:19-26

**Iceland**
Head trauma among children in Rekjavik. 1995;1:85 (Abstract)

**Immigration;** *see* **Emigration and immigration**

Immobilization
Cervical spine immobilization: unanswered questions (Danis and Cullen). 1995;1:47-51

**Intracranial pressure**
Continuous midazolam/atracurium infusions for the management of increased intracranial pressure. 1995;1:116 (Abstract)

**Legislation**
Legal remedies for nurses injured by patients (Lee). 1995;1:52-5

**Length of stay**
Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5

**Letters**
British nurse shares Australian perspective (Greenwood). 1995;1:1
Does bias exist in pain relief? (Williams). 1995;1:33
Nurse colleagues request descriptions of trauma nursing (Benvenutti). 1995;1:33
Trauma nursing in the bush country of Papua New Guinea (Ruffolo). 1995;1:61

**Male**
Male genital trauma: diagnosis and management (Bartkiw et al). 1995;1:99-107

**Male;** *see also* **Men**

**Malignant hyperthermia**
Case history: malignant hyperthermia in a trauma patient (Hilton). 1995;1:41-6

**Manuals**
Trauma coordinator resource manual. 1995;1:118 (Trauma news today)

**Men**
The social isolation of young men with quadriplegia. 1995;1:86-7 (Abstract)

**Men;** *see also* **Male**

**Midazolam**
Continuous midazolam/atracurium infusions for the management of increased intracranial pressure. 1995;1:116 (Abstract)

**Models, nursing**
Trauma case management: an extension of the trauma coordinator role (Harrahill). 1995;1:70-3

**Multiple trauma**
Case history: malignant hyperthermia in a trauma patient (Hilton). 1995;1:41-6
Code T: how to avoid "by-pass" with multiple trauma admissions (Mattice). 1995;1:27-8

**Nasal bone**
Diagnosis and management of nasal fractures (Bartkiw et al). 1995;1:11-8

**Nurses**
Legal remedies for nurses injured by patients (Lee). 1995;1:52-5

**Nursing assessment**
Computers present new frontiers for emergency care of trauma (Lee). 1994;Preview:7-10
Hypothermia in trauma: the nurse's role in recognition, prevention, and management (Sedlak). 1995;1:19-26

**Nursing care**
Computers present new frontiers for emergency care of trauma (Lee). 1994;Preview:7-10
Diagnosis and management of nasal fractures (Bartkiw et al). 1995;1:11-8

The emperor's new nurses (Halpern). 1995;1:91-3 (Editorial)
Feedback regarding trauma care (Halpern). 1995;1:113-4
Flight nursing: a key role in future trauma systems care (Crescenzo). 1994;Preview:4-6
Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5
Hypothermia in trauma: The nurse's role in recognition, prevention, and management (Sedlak). 1995;1:19-26
Male genital trauma: diagnosis and management (Bartkiw et al). 1995;1:99-107
The nurses made the difference (Halpern). 1995;1:35-6 (Editorial)
Nursing care for patients with mild brain injury (Veltman and Jones). 1995;1:82-4
Practice guidelines developed to treat pressure sores. 1995;1:59-60 (Trauma news today)
"Routine" trauma care (Halpern). 1994;Preview:1 (Editorial)
Setting and living up to national standards for the care of the injured. 1995;1:56 (Abstract)
Trauma nursing in the bush country of Papua New Guinea (Ruffolo). 1995;1:61 (Letter)
Wound ballistics: recognizing wound potential, part 2: gunshot wounds—tissue response and nursing care (Dufresne). 1995;1:37-40

**Nursing diagnosis**
Computers present new frontiers for emergency care of trauma (Lee). 1994;Preview:7-10
Diagnosis and management of nasal fractures (Bartkiw et al). 1995;1:11-8
Male genital trauma: diagnosis and management (Bartkiw et al). 1995;1:99-107

**Nursing education;** *see* **Education, nursing**

**Nursing models;** *see* **Models, nursing**

**Nursing research**
Changing technology and research shape critical care trauma nursing (Annas). 1994;Preview:20-2

**Nursing staff, hospital**
Code T: how to avoid "by-pass" with multiple trauma admissions (Mattice). 1995;1:27-8
The emperor's new nurses (Halpern). 1995;1:91-3 (Editorial)
Every patient deserves a nurse. 1995;1:118 (Trauma news today)
Trauma case management: an extension of the trauma coordinator role (Harrahill). 1995;1:70-3

**Operating room nursing**
Death in the operating room: an analysis of a multicenter experience. 1995;1:56-7 (Abstract)
Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5
Societal and ethical challenges have impact on perioperative trauma nursing (Reeder and King). 1994;Preview:11-4

**Outcome and process assessment**
The acutely burned hand: management and outcome based on a ten-year experience with 1047 acute hand burns. 1995;1:85-6 (Abstract)
Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5

**Pain**
Does bias exist in pain relief? (Williams). 1995;1:33 (Letter)
Epidural analgesia for effective pain control. 1995;1:29-30 (Abstract)
Pain in A&E: the patient's view. 1995;1:29 (Abstract)

**Papua New Guinea**
Trauma nursing in the bush country of Papua New Guinea (Ruffolo). 1995;1:61 (Letter)

**Patients**
Code T: how to avoid "by-pass" with multiple trauma admissions (Mattice). 1995;1:27-8
Improved trauma care presents multiple changes for trauma rehabilitation nursing (Klauber and Dunn). 1994;Preview:26-30
Legal remedies for nurses injured by patients (Lee). 1995;1:52-5

**Prejudice**
Does bias exist in pain relief? (Williams). 1995;1:33 (Letter)

**Pressure sore;** *see* **Decubitus ulcer**

**Quadriplegia**
The social isolation of young men with quadriplegia. 1995;1:86-7 (Abstract)

**Referral and consultation**
Health care reform redefines medical-surgical trauma nursing role (Ludwig). 1994;Preview:23-5

**Refugees**
Passage from the homeland. 1995;1:56 (Abstract)

**Regional medical programs**
Implementation of a regional pediatric trauma center. 1995;1:87 (Abstract)

**Registries**
How to determine institutional needs and requirements for a trauma registry (Watts). 1995;1:94-8
Trauma registry available to hospitals. 1995;1:118 (Trauma news today)

**Rehabilitation**
Improved trauma care presents multiple changes for trauma rehabilitation nursing (Klauber and Dunn). 1994;Preview:26-30

**Research**
Medical cooperation aids bag injury research (Huelke). 1995;1:89 (Trauma news today)

**Research, nursing;** *see* **Nursing research**

**Research support**
AACN announces new small grant program. 1995;1:59 (Trauma news today)

**Respiration, artificial**
Case history: traumatic adult respiratory distress syndrome—a multisystem approach (Manifold). 1995;1:74-81

**Respiratory distress syndrome, adult**
Case history: traumatic adult respiratory distress syndrome—a multisystem approach (Manifold). 1995;1:74-81

**Safety**
Playgrounds urged to remove hazardous animal swings. 1995;1:58 (Trauma news today)

**Seat belts**
Seat-belt compression appendicitis. 1995;1:85 (Abstract)

**Shock**
Base deficit: an indicator of tissue hypoperfusion (Cassidy and Marcher). 1995;1:108-12

**Sleep**
National campaign against drowsy driving. 1995;1:58-9 (Trauma news today)

**Social conditions**
Societal and ethical challenges have impact on perioperative trauma nursing (Reeder and King). 1994;Preview:11-4

**Social isolation**
The social isolation of young men with quadriplegia. 1995;1:86-7 (Abstract)

**Somalia**
The Army Nurse Corps and Operation Restore Hope. 1995;1:115 (Abstract)

**Spinal cord injury**
Cervical spine immobilization: unanswered questions (Danis and Cullen). 1995;1:47-51

**Spouse abuse**
Battered women's experiences in the emergency department. 1995;1:29 (Abstract)

**Surgery;** *see* **Operating room nursing**

**Technology, medical**
Changing technology and research shape critical care trauma nursing (Annas). 1994;Preview:20-2

**Terrorism;** *see* **Violence**

**Transportation of patients**
Code T: how to avoid "by-pass" with multiple trauma admissions (Mattice). 1995;1:27-8

**Trauma centers**
American College of Surgeons Verification/Consultation Program: analysis of unsuccessful verification reviews. 1995;1:30 (Abstract)
Implementation of a regional pediatric trauma center. 1995;1:87 (Abstract)

**Trauma news today**
AACN announces new small grant program. 1995;1:59
Community bicycle sales increase helmet use (Mosiman et al). 1995;1:89
Detection of internal injuries in drivers protected by air bags. 1995;1:32
Efforts to reduce strangulation hazards for children. 1995;1:31
ENA announces course in advanced trauma nursing: A conceptual approach. 1995;1:59
Every patient deserves a nurse. 1995;1:118
Hazards identified with climbing gyms and bunk beds. 1995;1:119

National campaign against drowsy driving. 1995;1:58-9
NHTSA promotes safety programs. 1995;1:119
Playgrounds urged to remove hazardous animal swings. 1995;1:58
Practice guidelines developed to treat pressure sores. 1995;1:59-60
Safety alerts. 1995;1:118-9
Trauma coordinator resource manual. 1995;1:118
Trauma registry available to hospitals. 1995;1:118
Voluntary reporting of adverse events. 1995;1:32

**Violence**
Taking some of the terror out of terrorism (Halpern). 1995;1:62-3 (Editorial)

**Women**
Battered women's experiences in the emergency department. 1995;1:29 (Abstract)

**Women;** *see* **Spouse abuse**

**Wound ballistics;** *see* **Ballistics, wound**

**Wounds, gunshot**
When will it be enough? (Halpern). 1995;1:2-3 (Editorial)
Wound ballistics: recognizing wound potential, part 1: characteristics of missiles and weapons (Dufresne). 1995;1:4-10
Wound ballistics: recognizing wound potential, part 2: gunshot wounds—tissue response and nursing care (Dufresne). 1995;1:37-40

**Wounds and injuries**
Case history: malignant hyperthermia in a trauma patient (Hilton). 1995;1:41-6
Detection of internal injuries in drivers protected by air bags. 1995;1:32 (Trauma news today)
How to determine institutional needs and requirements for a trauma registry (Watts). 1995;1:94-8
Side impact motor vehicular crashes: patterns of injury (Mikhail). 1995;1:64-9
